

addActivity

```
graph LR; addActivity[addActivity] --> inttostring[inttostring]; addActivity --> mapActivities[mapActivities];
```

The diagram illustrates a flow from a single source to two destinations. On the left, a gray rectangular box labeled 'addActivity' has two blue arrows originating from its right side. The top arrow points to a white rectangular box labeled 'inttostring' located in the upper right. The bottom arrow points to a white rectangular box labeled 'mapActivities' located in the lower right. All boxes have a black border.
